

pHⁱⁿ™ yellow striped pods

pH Down for Hot Tubs

Lowers pH in spas and hot tubs
Allows sanitizer to work more effectively
Effective water balance control

Replaces muriatic acid
Lowers alkalinity

PRINCIPAL FUNCTIONING AGENT:

Sodium Bisulfate 95%
CONSTITUENTS INEFFECTIVE AS ADJUVANTS 5%
Total: 100%

Not for aquatic environments such as lakes, streams, ponds.

KEEP OUT OF REACH OF CHILDREN

DANGER

CORROSIVE

Read all Precautionary Statements and First Aid on back panel before using.

Net Weight: 16 oz. (16 x 1 oz. Pods)

pHⁱⁿ™ yellow striped pods

pH Down for Hot Tubs

DIRECTIONS FOR USE

This product lowers the pH and total alkalinity of spa water. The ideal pH range is 7.2-7.8.

A pH in this range will:

- Allow your sanitizer to work most effectively
- Reduce equipment corrosion
- Reduce eye irritation
- Reduce skin dryness

When the pH value of the water is above 7.8 as determined by the use of a pH test kit, add one 1 oz. pHⁱⁿ™ Yellow Striped Pod, pH Down for Hot Tubs for every 500 gallons of water while the pump is running.

Allow 4 - 6 hours for distribution and then re-test the pH. If the pH value remains above 7.8, repeat the above dosage until the pH is within the ideal range of 7.2 - 7.8.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes.

Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice.

Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-222-1222

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER: Corrosive. Causes skin burns and permanent eye damage. May be fatal if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: Do not mix with other chemicals.

IMPORTANT NOTE: Forms sulfuric acid upon exposure to water. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area.

STORAGE & DISPOSAL:

Keep dry and in original container in a cool, dry, well-ventilated place. Do not store with chlorine, bromine, or oxidizing agents. Keep container tightly closed when not in use. Do not contaminate food or feed by storage, disposal or cleaning of equipment. Use entire contents, then triple rinse and offer for recycling, or dispose in accordance with state and local regulations. Do not reuse empty container.
