Bromine Reserve for Hot Tubs

Part one of a two-product system for disinfection of water in hot tubs
 A bromide solution for use with **pHin™ Dark Green Striped Pods Non-Chlorine Shock Oxidizer for Hot Tubs** as part of a system for disinfection of water in spas.

ACTIVE INGREDIENT:
 Sodium bromide..... 98%
 OTHER INGREDIENTS: 2%
 TOTAL: 100%

**KEEP OUT OF REACH OF CHILDREN
 CAUTION**

See precautionary statements and first aid on back panel.

Net Weight: 8 oz. (4 x 2 oz. Pods)

purple striped pods Bromine Reserve for Hot Tubs

This product is a clear solution of bromide salts which remain as a stable bank in the spa or hot tub water until **pHin™ Dark Green Striped Pods Non-Chlorine Shock Oxidizer for Hot Tubs** is added. **This product has no disinfectant properties and it is only when pHin™ Dark Green Striped Pods Non-Chlorine Shock Oxidizer for Hot Tubs is added that bromine is released in water containing this product.**

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product should be added when the spa/hot tub is filled and weekly thereafter to maintain a bank of bromine in the water.

First, treat the spa/hot tub with **pHin™ Light Green Striped Stain & Scale Guard for Hot Tubs** according to its labeling directions. Then, add one 2 ounce pod of this product per every 400 gallons of water directly into the spa or hot tub. Circulate the water while adding this product to ensure thorough distribution.

For monthly maintenance, add one 2 ounce pod of this product per every 250 gallons of water to maintain a sufficient bank of bromine in the water. Test the bromine residual at least once a day with a bromine/pH test kit. The bromine residual must be between 1-3 ppm for residential spas/hot tubs and 3-5 ppm for commercial installations. Heavy usage, or the length of time the spa/hot tub is in use, may result in depletion of bromine and require additional dosages of **pHin™ Dark Green Striped Pods Non-Chlorine Shock Oxidizer for Hot Tubs** to maintain the desired bromine residual. Never mix any chemicals with each other before adding to the water.

Change water monthly or as needed to maintain water quality.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

IF IN EYES:

- Hold eye and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF INHALED:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by poison control center or doctor.
- Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-222-1222.

PHYSICAL AND CHEMICAL HAZARD: Do not mix with acids or oxidizers.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL:

Keep this product dry in its tightly closed container when not in use. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
