

dark green striped pods

Non-Chlorine Shock Oxidizer for Hot Tubs

Keeps water crystal clear
Eliminates organic contaminants

Reduces odors and eye irritation
Swim in 15 minutes

ACTIVE INGREDIENT:

| | |
|-------------------------------|---------------|
| Potassium monopersulfate..... | 38.25% |
| OTHER INGREDIENTS..... | <u>61.75%</u> |
| TOTAL..... | 100% |

KEEP OUT OF REACH OF CHILDREN

DANGER

CORROSIVE TO EYES, SKIN AND MUCOUS MEMBRANES. CAUSES SEVERE SKIN BURNS AND EYE DAMAGE. HARMFUL IF SWALLOWED.

Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling.

Avoid breathing dust.

SEE ADDITIONAL PRECAUTIONARY INFORMATION AND FIRST AID ON BACK PANEL BEFORE USING.

Net Weight: 16 oz. (8 x 2 oz. Pods)

dark green striped pods **Non-Chlorine Shock Oxidizer for Hot Tubs**

pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs contains no chlorine or other sanitizer and should be used for oxidizer treatment only. For routine disinfection use an EPA registered sanitizer according to label direction. Regular use of **pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs** will remove most of the contaminants that accumulate in hot tub water.

DIRECTIONS FOR HOT TUBS:

As a Shock Oxidizer:

pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs contains no chlorine or other sanitizer and should be used for oxidizer treatment only. For routine disinfection use an EPA registered sanitizer according to label direction. Regular use of **pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs** will remove most of the contaminants that accumulate in hot tub water.

WHEN TO USE pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs:

- After every hot tub use
- Once per week if the hot tub is not being used

HOW TO USE THIS PRODUCT TO KEEP HOT TUB WATER

CRYSTAL CLEAR:

- Every time the hot tub is used it must be oxidized. After every use, add 1 (2 oz.) pod of this product per 300 gallons of water.
- Run the pump for at least 30 minutes.
- Turn the jets on and off once or twice after adding this product to improve the treatment.

pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs is a powerful oxygen-based oxidizer. When used regularly, this product will eliminate organic contaminants and keep water crystal clear. This product will not raise chlorine levels or produce combined chlorine or chloramines which can cause chlorine odor and eye irritation.

pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs dissolves quickly and is gentle on hot tub surfaces. **pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs** restores sparkle and clarity to hot tub water. It will not increase calcium hardness or stabilizer levels. **pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs** contains no chlorine or other disinfectants.

As part of the pHin™ Purple Striped Pods, Bromine Reserve for Hot Tubs sanitizer system:

When used with **pHin™ Purple Striped Pods, Bromine Reserve for Hot Tubs** bromide solution, **pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs** should be added when the spa or hot tub is initially filled and then daily as a shock oxidizer and activator for the production of available bromine in water.

- Treat the water with **pHin™ Light Green Striped Stain and Scale Guard for Hot Tubs** and **pHin™ Purple Striped Pods, Bromine Reserve for Hot Tubs** bromide solution according to the label directions.
- Add add 1 (2 oz.) pod of this product per 300 gallons of water to release available bromine in water containing **pHin™ Purple Striped Pods Bromine Reserve for Hot Tubs** bromide solution. Test the bromine residual with a bromine/pH test kit after the **pHin™ Dark Green Striped Pods, Non-Chlorine Shock Oxidizer for Hot Tubs** has been added and allowed to circulate for 30 minutes. The bromine residual must be maintained between 1-3 ppm.

READ ALL PRECAUTIONS BEFORE USE: Wear goggles and gloves when handling. Use only in swimming pools and spas. Add only when no bathers are present.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN, CLOTHING, OR HAIR: Take off immediately all contaminated clothing. Rinse skin with water/shower for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

YOU MAY ALSO CONTACT 1-800-222-1222 FOR EMERGENCY MEDICAL TREATMENT INFORMATION.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS:

DANGER

Corrosive. Causes skin and eye damage. May be harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wash exposed areas thoroughly after handling. Do not eat, drink, or smoke when using this product. Do not breathe dusts or mists. Wear protective gloves/ protective clothing/ eye protection/ face protection. For specific treatment see FIRST AID on this label.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT.

Never add water to product. Always add product to large quantities of water. Do not mix with other chemicals. Do not add this product to any chemical feeder. Contamination with moisture, organic matter or other chemicals may cause a violent reaction leading to fire or liberation of hazardous gases. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large amounts of water.

STORAGE AND DISPOSAL:

Keep dry and in original container. Store in a cool, dry, well-ventilated place. Do not store with chlorine, bromine, or liquid acids. Keep container tightly closed when not in use. Store locked up.

PACKAGE DISPOSAL: Triple rinse empty container. Do not reuse container. Discard in trash. Dispose of contents/container in accordance with all applicable local/regional/national/international regulations.
